

Scott Meyers
Chief Operating Officer
Balfour Technologies

Scott is a veteran in the technology industry with over 25 years of software experience in the field of disaster recovery, business continuity and business protection. He has a strong background in operations, finance, business development, partner and channel relationships, and HR and has lead companies from startup, through tremendous growth to industry leadership and IPO. Scott joined Balfour Technologies in July of 2007. Prior to joining Balfour Scott provided consulting services to several startup and small companies. He was also a co-founder of NSI Software and served in several different capacities during his 13-year tenure including Chief Financial Officer and Chief Operating Officer. Mr. Meyers was instrumental in the Company's continual growth and move into the forefront of the industry. Prior to founding NSI Software, Scott was employed by Digital Metacom, Inc., a voice and data telecommunications company, where he spent 11 years from inception through IPO. He held various senior management positions in the company's finance department. Mr. Meyers received his Bachelor of Business Administration degree from Dowling College of New York in 1983.
